## Crystal Clear Window Cleaning

Due to our [experience](#) with residential window cleaning, we are well versed with all of the different styles and operations of windows, both new and old. We come well-equipped to ensure that the job is done right - the first time!

Our pricing starts at \$115 for in and out cleaning and \$95 for outside only. To find out your exact price, we can come out for an on-site estimate, we can also give you a price right over the phone or [email!](#) All we need is to know how many and the type of windows you have. Also, specify "full service" which includes cleaning of all window and door glass surfaces, and a wipe down of sills and screens, or our "extra full service" which includes detailing all window and door components!

### Glass only option available!

We have always included screen/sill cleaning in our prices. Most of our competition advertise low prices, then charge extra for these services. Now you can save as much as 33% off our normal prices by having our company just the glass! These prices meet and in some cases, are lower than our competitors. You remove and clean your own screens and your own screens, mullions and sills, and we do the rest! "Glass only" can also be combined with other offers, specials and deals to save even more!

Be sure to check out our [specials page](#). You will find great deals on our "[add-on services](#)," when they are performed at the same time as our window cleaning services.
